New Members (students)

- Two student members
 - Elena “Ellie” Long (Kent State)
 - Miha Mihovilovic (Univ. of Ljubljana)

 - Notify Kees of students working on upcoming Hall A experiments.
-

Analysis Workshop (yesterday)

- Summary tomorrow
 - A few general issues
 - Each (unpublished) experiment gives updates
 - Limited communication on analysis issues
 - Initial ideas to improve things
 - Physics AND analysis updates at each Collab. Meeting
 - General analysis logbook (not experiment specific)
 - Update some web resources
-

Hall A Collaboration Charter

- Updated procedures to match what we've been doing
 - Requirements for proposal review
 - Replacement of CC members
 - Clarification of participation/authorship
 - Some other small clarifications, updates

 - Future issues
 - Keep working groups?
 - What about 12 GeV?
 - More very-large scale experiments
 - Do we need/want any changes in the Collaboration structure?
-

Other Issues

- Collaboration photo at 11:20
 - Do not need Hall A walk-through to go inside fence
 - Public affairs will address other issues regarding photo
 - Borrel tonight (9\$)
 - Thank you to John & Kent and welcome to Brad & Todd
-
