VDC t0 and Technotes

Jie Liu

Previous: choose the maxslope as the t0
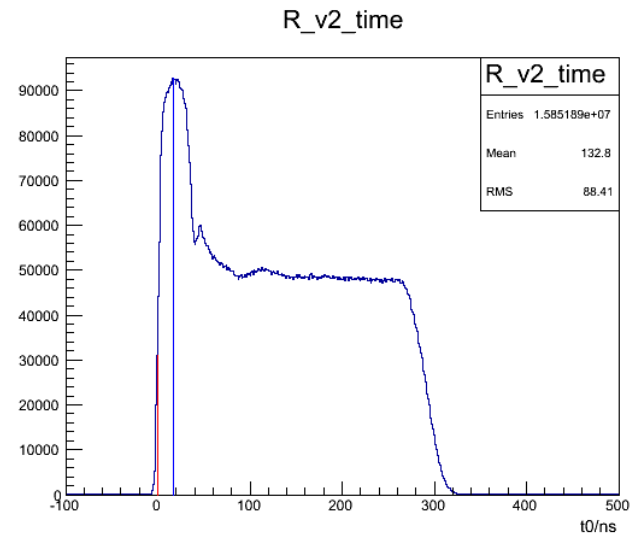

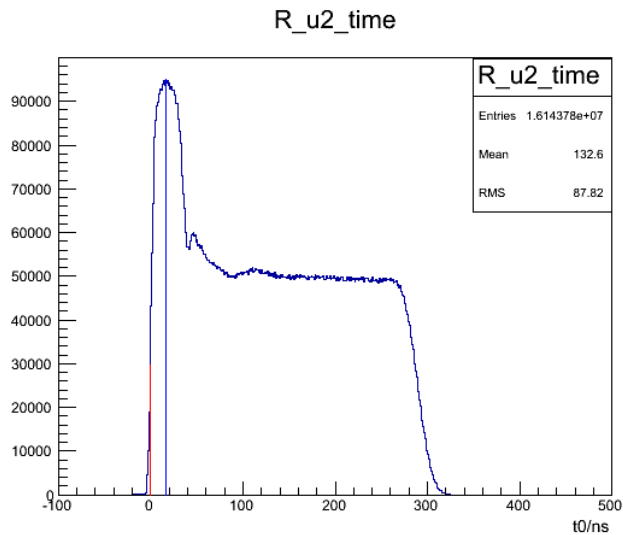

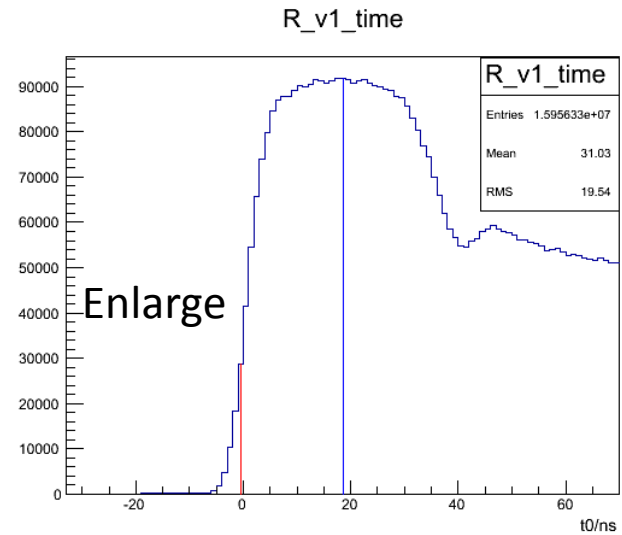

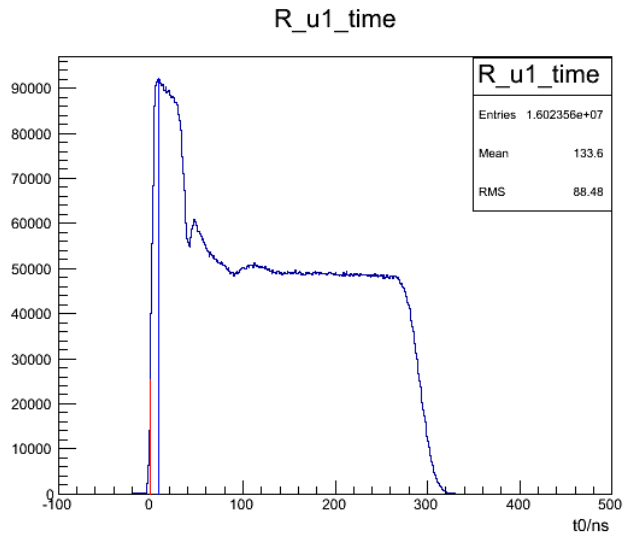

New: get the maxslope first and extrapolate to the TDC channel axis, the intercept as t0

VDC multi-track efficiency notes draft ready

http://hallaweb.jlab.org/experiment/g2p/collaborators/jie/2013_09_24_multi_track_notes/vdc_eff.pdf

To do

- Already set up part of the program with help of Chao
- Physics models and energy loss code
