

BigBite cabling

Arun Tadepalli – Jefferson lab

Provakar Datta - UConn

Work that will be done this week...

- Replaced faulty FADC and gave the one that needs to be repaired to Bill Gunning. Will get it from him this week and this will be our spare
- Need to connect
 - Signal cables from calorimeter to front end
 - Signal cables from front end to bunker
 - Trigger monitor from front end to bunker
 - HV cables from calorimeter to bunker
 - Signal and HC cables for cosmic counter from under BigBite stack to bunker
 - Trigger monitor cables from NIM-ECL units to scalers after Alex installs the crate
