Potential (or actual) publications

- SBS concept (reports were made at JLab, APS, Trento, DOE)
- HCAL development, light guide, design
- ECAL thermal annealing (several reports at APS)
- GEM chambers UVA(already have some publications)
- GEM readout electronics
- GEM chambers INFN (has some publications)
- HE-3 target: convection, metal windows, field/angle, NMR constants
- SBS MC development/results

Greater presence at conferences

American Physical Society April Meeting

13 Apr 2019 - 16 Apr 2019 • Denver, Colorado, United States

8th Workshop of the APS Topical Group on Hadronic Physics

10 Apr 2019 - 12 Apr 2019 • Denver, CO, United States

IWNT38 — 38th International Workshop on Nuclear Theory

23 Jun 2019 - 29 Jun 2019 • Borovetz, Rila, Bulgaria

2019 Fall Meeting of the APS Division of Nuclear Physics

13 Oct 2019 - 17 Oct 2019 • Crystal City, VA, United States

PANIC 2020 - 22nd Particles and Nuclei International Conference

CIPANP 2021 - 14th Conference on the Intersections of Particle and Nuclear Physics

Standard set of slides

- Establish collaboration sanctioned slides
- Encourage your favorite theorists to use them
- Find other opportunities to make slides available
- Use them yourself!
- Should we have a logo?
