Brian Quinn	GMn
Nilanga Liyanage	A1n
Andrew Puckett	SIDIS
Dipangkar Dutta	TDIS
John Annand	GEN-recoil

Major issues to tackle

- Our web page desperately needs a major overhaul
 - Good project for inclined students!
- Should compile collaboration list
 - Most collaborators are by proposal authorship
 - Database would be nice
- Requested (two open tickets) new web space (e.g. sbs.jlab.org)
 - Dedicated web space
 - docdb interfaced with CUE password system
 - Dedicated wiki
