Hadronization in Nuclei by Deep Inelastic Electron Scattering

G.D. Cates, D. Crabb, D. Day, A. Deur, R. Lindgren,
N. Liyanage, B.E. Norum (spokesperson), O. Rondon-Aramayo,
B. Sawatzky, L.C. Smith, K. Wang (spokesperson)
University of Virginia, Charlottesville, Virginia

A. Afanasev, W. Brooks, J.P. Chen (spokesperson), J. Gomez,
D.W. Higinbotham, A. Saha, B. Wojtsekhowski
Jefferson Lab, Newport News, Virginia

X. Wang
Lawrence Berkeley National Laboratory, Berkeley, California

L. Weinstein
Old Dominion University, Norfolk, Virginia

C.C. Chang
University of Maryland, College Park, Maryland

W. Bertozzi, O. Gayou, S. Gilad, B. Ma,
P. Monaghan, Y. Qiang, L. Wan
MIT, Cambridge, Massachusetts

S. Choi, Z.-E. Meziani
Temple University, Philadelphia, Pennsylvania

R. Gilman, X. Jiang
Rutgers University, New Brunswick, NJ

V. Nelyubin
St. Petersburg Nuclear Physics Inst., Gatchina, Russia

S. Širca
University of Ljubljana, Ljubljana, Slovenia

K.A. Aniol
California State University , Los Angeles, California

W. Korsch
University of Kentucky, Lexington, Kentucky
