# Instruction for Happex Run online analysis during PVDIS test runs, June 15-17.

* logon to apar@adaql<4-7> (Do not replay on adaql1, adaql2 or adaql3)

* password: see whiteboard

* Call command "cd pvdis/pan"

* Call command "source usethis.sh" (use this command whenever a new terminal is opened to analyze happex run)

* Call command "./pan -r xxxxx" ("xxxxx" is the happex run number you want to analyze)
