## Copyright Transfer Statement

The copyright to this article is transferred to the publisher **Società Italiana di Fisica** (and for the U.S. government employees to the extent transferable) effective if and when the article is accepted for publication. The author warrants that his/her contribution is original and that he/she has full power to make this grant. The author signs for and accepts responsibility for releasing this material on behalf of any and all co-authors. The copyright transfer covers the exclusive right to reproduce and distribute the article, including reprints, translations, photographic reproductions, microform, electronic form (offline, online) or any other reproductions of similar nature.

An author may self-archive an author-created version of his/her article on his/her own website and his/her institution's repository, including his/her final version; however he/she may not use the publisher's PDF version. Furthermore, the author may only post his/her version provided acknowledgement is given to the original source of publication and a link is inserted to the published article on the SIF's website (where it applies). The link must be accompanied by the following text: "The original publication is available at <http://www.sif.it/SIF/en/portal/journals>".

Il Nuovo Cimento articles are indexed, abstracted, and referenced by abstracting and information services.

After submission of this agreement signed by the corresponding author, changes of authorship or in the order of the authors listed will not be accepted by the publisher.
