

CRAFTSMAN®

Portable Chest

Please indicate the following information from the service part drawing provided.

Model Number: _____

Model Description: _____

CAUTION: Read and follow all Safety Rules and Operating Instructions before first use of this product. Retain this document for future reference.

Sears, Roebuck and Co.
Hoffman Estates, IL 60179 U.S.A.

Made in the U.S.A.
F1013A3

SAFETY RULES AND WARNINGS:

- **DO NOT** stand on this product. You may fall which may cause personal injury.
- Stacked products should be bolted together. The products could become unstable and tip, which may cause personal injury or product damage.
- **WEAR SAFETY GLASSES** when removing or repositioning the slides. The tool could slip which may cause personal injury.
- When the cover is opened, be sure the cover stop is in the locked position. This will prevent accidental closure and personal injury.
- **BE CAREFUL** when closing the cover. Remove hands before the cover closes completely to prevent personal injury.
- **BE CAREFUL** when opening more than one drawer. The product may become unstable and tip, which may cause personal injury or product damage.
- **DO NOT** mount this product on a truck bed or any other moving object. This may cause personal injury or product damage.
- **DO NOT** step in the drawers. You may fall which may cause personal injury.
- Appropriately secure this product before moving it with a forklift.
- Close the cover and lock the drawers and doors before moving this product. The drawers or doors could come open and make the product unstable and tip, which may cause personal injury or product damage.
- **DO NOT** alter this product in any manner. For example, do not weld external lockbars or attach electrical equipment. This may cause product damage or personal injury.
- When locking this product, close the drawers before closing the cover for lockbars to work properly.
- The maximum weight for each drawer should be no more than 25 pounds.

Refer to Service Parts Drawing for full listing of Service Parts

DRAWER REMOVAL (if required):

- Fully extend the drawer. Push it back a quarter of an inch.
- Insert a screwdriver into the slot in the slide and push in on the stop until it clears the lance. Repeat the procedure on the other slide and remove the drawer.
- To reinstall the drawer, pry the stop far enough out to engage the lance and push the drawer onto the slides until the stops pass over the lances.

LUBRICATION: Lubricate the top and bottom channels of the drawer slides at least twice a year.
