

Pocket Card Reader (GFR201TF)

Micro Secure Digital Cards (microSD)/ TransFlash Cards

Model # GFR201TF

Description

Removable Flash Memory Drive: Supports Micro Secure Digital Cards (microSD)/ TransFlash Cards(not included)

A Flash Drive for Removable Memory

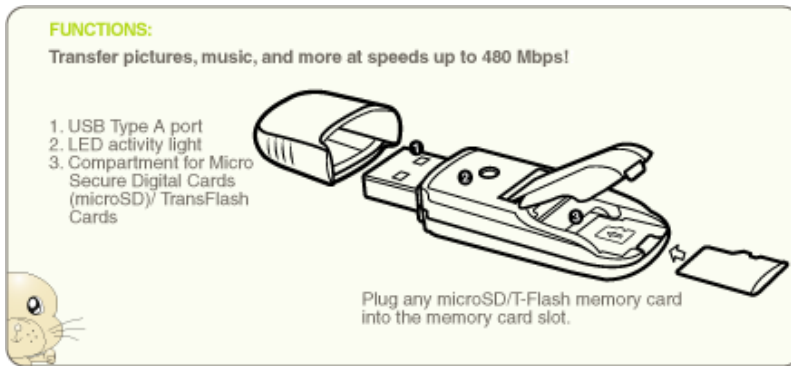

The GFR201TF Universal Drive is a solution for hi-speed, bi-directional image and data transfer. Images and data can be transferred quickly from **Micro Secure Digital Cards (microSD)/ TransFlash Cards** memory cards to PCs or Macs. This is particularly handy in many applications including cell phones, digital cameras and MP3 devices. With the increased speeds, sustained data transfer rates, it is up to 4 times faster than the standard digital camera connection. The Universal Memory Drive is an ideal way to bridge the gap between your desktop computer and devices such as digital cameras, personal digital assistants (PDAs) and handheld/palmtop PCs. No matter where you go, your Universal Memory Drive allows you to easily bring your digital images and data with you. Transfer pictures, data, and music at blazing USB 2.0 Speeds, up to 480 Mbps. Just plug the Memory Drive into your computer's USB 1.1 or 2.0 port and you're ready to go in seconds.

Features

- Easy installation; Plug-n-Play
- Supports USB specification v2.0
- **Micro Secure Digital Cards (microSD)/ TransFlash Cards**
