

Cruzer PocketCache application is pre-installed only on SanDisk Cruiser Titanium USB Flash Drive.

Want the perfect back-up complement to your Cruzer Titanium flash drive?

Cruzer® PocketCache™ is a powerful, portable application that uses patent-pending, snapshot technology to instantly back up PC files and directories and retain these in a Titanium-based archive. Cruiser PocketCache captures and stores only data changes, resulting in fast, compact backups that can be performed for months onto a Titanium flash drive. Backup and restore couldn't be easier!

Easy on the eyes.

When it comes to style, you either have it or you don't. One look at the SanDisk Cruiser Titanium and you'll agree—this is one very stylish USB flash drive. With its ultra-thin profile and super-sleek design, Cruiser Titanium goes anywhere with ease. And style.

Safeguards your valuable data like a vault.

SanDisk Cruiser Titanium was designed to withstand the inevitable bumps and jolts of a busy workday. Cruiser Titanium is the only USB flash drive to feature a titanium-coated metal casing for unprecedented durability. It's virtually indestructible.*

* Cruiser Titanium is virtually indestructible, capable of surviving a force of up to 2000 pounds, simulating abnormal usage conditions. This specification is based on a SanDisk test environment, validated by an independent laboratory. No other claims as to its ability to withstand other destructive forces or abnormal environmental conditions, including but not limited to, extreme temperatures, corrosive ambients, X-Rays or other radiation, etc, are made by this claim.

Speed. Strength. Style.

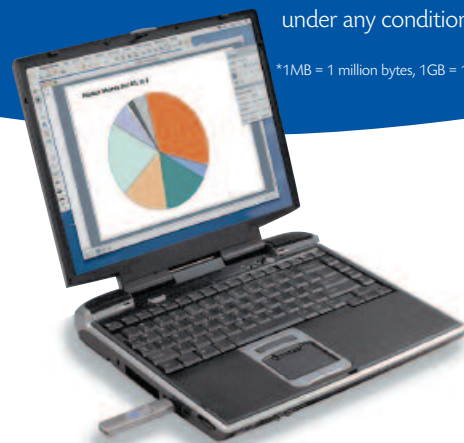

SanDisk 
STORE YOUR WORLD IN OURS™

SanDisk Cruzer Titanium is the best way for business and power users to store and move documents, pictures, presentations, and music—anytime, anywhere, and under any conditions.

The ultimate USB flash drive!

If you need world-class USB flash drive performance and don't want to sacrifice looks or durability, SanDisk has just what you need. Our new 1GB* Cruzer Titanium is an exceptionally stylish, extremely rugged, and incredibly fast USB 2.0 Hi-Speed flash drive. Cruzer Titanium is the perfect solution to storing and transporting all of your vital documents, pictures, presentations and music—anytime, anywhere, and under any conditions.

*1MB = 1 million bytes, 1GB = 1 billion bytes

It's all about speed.

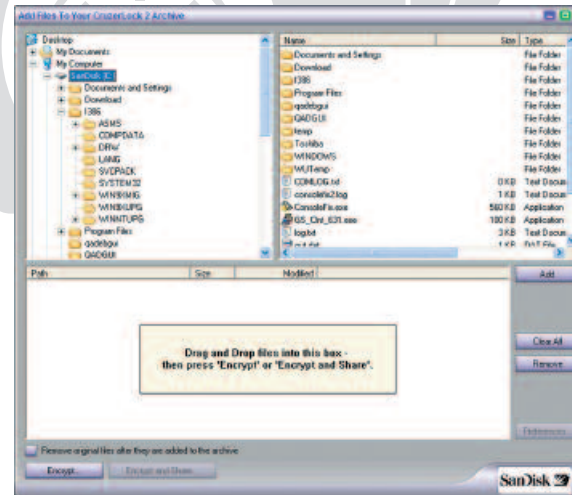

Not only is SanDisk Cruzer Titanium extremely rugged, it's also incredibly fast. The fact is, Cruzer Titanium is up to three times faster than most of the USB 2.0 flash drives currently on the market. So now you can spend less time waiting and more time being productive.

- Fast read speeds — Min 15MB/sec** sequential Read
- Fast write speeds — Min 13MB/sec** sequential Write

**Based on testing with HD Bench software

Did we mention security?

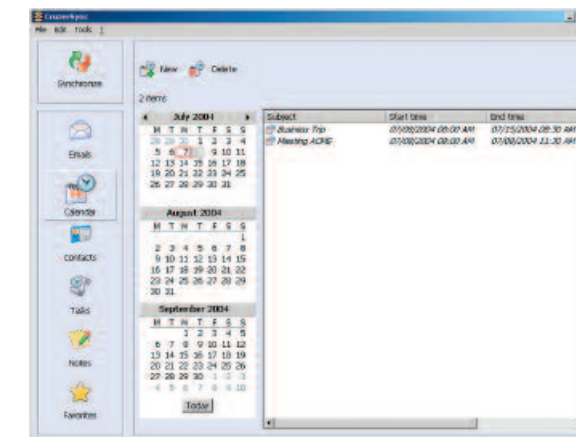

In addition to speed, strength and style, SanDisk Cruzer Titanium also comes with an advanced file security application called CruzerLock™2,*** a file encryption application from encryptX Corporation that encrypts your individual files, keeping them safe and secure from prying eyes. Simply choose a personal password, select the file that you want to encrypt and CruzerLock2 does the rest!

***Windows only. Local administrator privileges required for Windows 2000 and XP.

With CruzerSync™, keep your personal information at your fingertips.

CruzerSync software allows SanDisk Cruzer Titanium USB Flash Drive customers to easily transport all their Microsoft® Outlook® information (emails, attachments, contacts, notes, tasks, and calendar items), access it at anytime from any windows PC and even edit it from anywhere in the world. Thanks to its unique capabilities, CruzerSync software revolutionizes personal productivity by turning any computer into your own Outlook station – in the office, at home or at school, in an internet café and beyond.

CruzerSync application is pre-installed only on SanDisk Cruzer Titanium USB Flash Drive.

Step up to SanDisk Cruzer Titanium USB flash drive.

Experience the ultimate in speed, strength and style.

The 1GB Cruzer Titanium is the latest addition to the SanDisk family of innovative high-performance USB 2.0 flash drives.
