

Cables inventory and tests

- ▶ Cables in green tested and individually sorted (only a few (~ 5) lemo connectors to repair)
- ▶ ~Half of the 55 m cables missing (trip to Warwick tomorrow)
- ▶ HV (red) cables: half of them found and tests ongoing
- ▶ Need an inventory of (1)HV (2)LV (3)DC cables/patch panels

Inventory (cont.)

1. HV:

- ▶ HV Flat cables (to be ordered)
- ▶ HV Patch panel (to be ordered)
- ▶ HV red cables (there should be enough)
- ▶ HV Power supply (to find at JLab)

2. LV:

- ▶ LV Flat cables (to be ordered)
- ▶ LV Patch panel (to be ordered)
- ▶ LV Power supply (to be ordered)

3. DC:

- ▶ Shield flat cables (to be ordered)
- ▶ Patch panel (to be ordered)
- ▶ ADC (to be ordered ?)
- ▶ ADC power supply (to be ordered)

4. Signal

- ▶ DVCS stand patch panel (?)
- ▶ HRS hut patch panel (?)

Software

- ▶ DVCS software (with MySQL DB) installed and running in new dvcdaq2-193
- ▶ Met with B. Michaels last Thursday to discuss contributions to PREX:
 - ▶ Run Analyzer for standard HRS check-out, optics, BMPs, BCMs...
 - ▶ Compton support
- ▶ New analysis server (still) under procurement at LPC-Clermont

Plan for the week (same slide as last week. . .)

- ▶ Finish counting/testing cables
- ▶ Setup ethernet (& phone) and slow control rack in Test Lab
- ▶ Start setup for block wrapping in Laser Room.

- ▶ Submit π^0 paper
