

Average track finding efficiency = 81.2 %

Number of tracks found per event

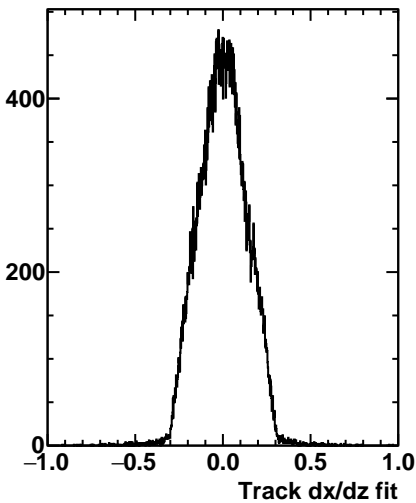

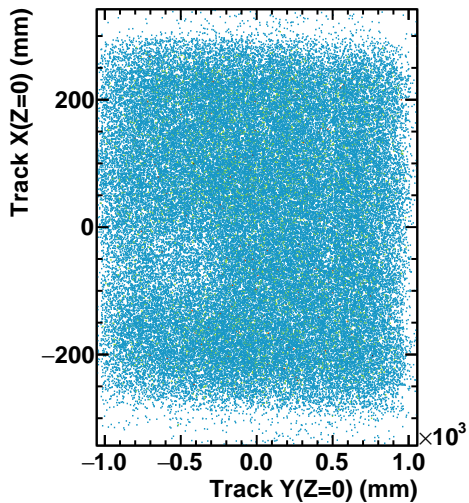

Number of hits on track

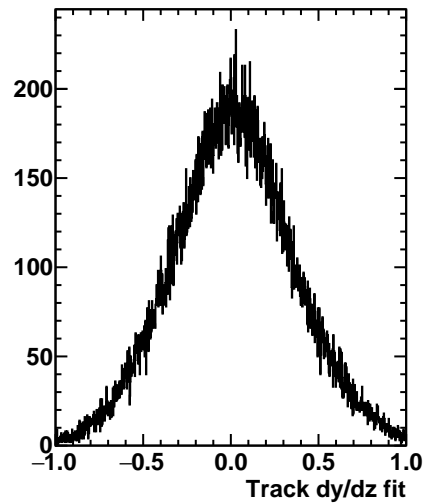

Track  $\chi^2/\text{dof}$

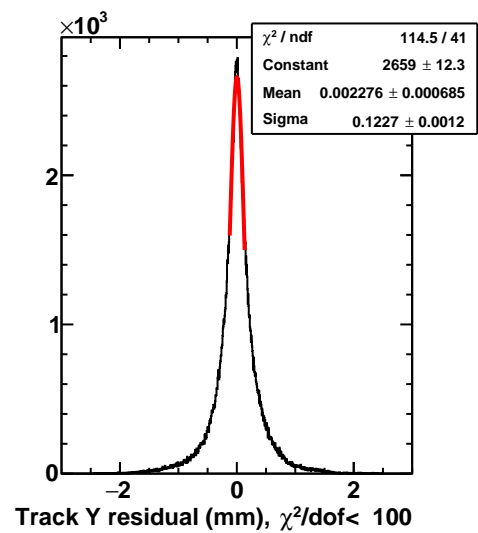

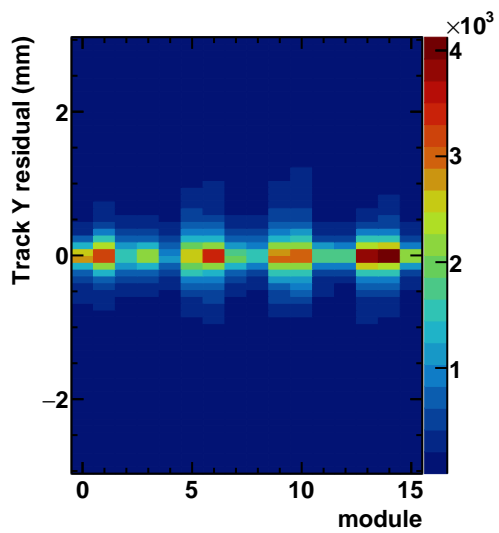

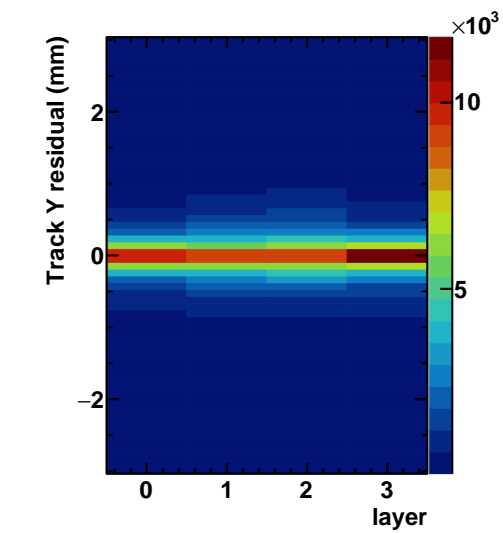

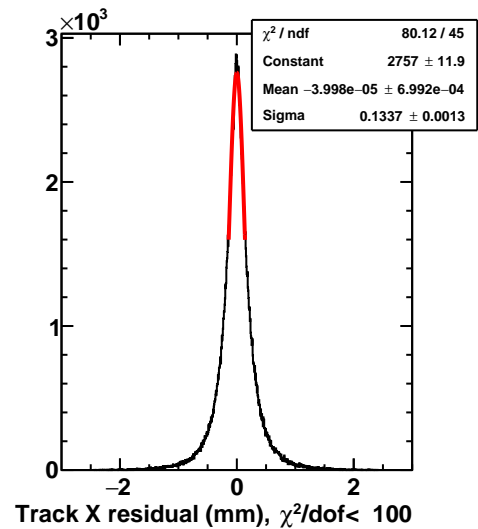

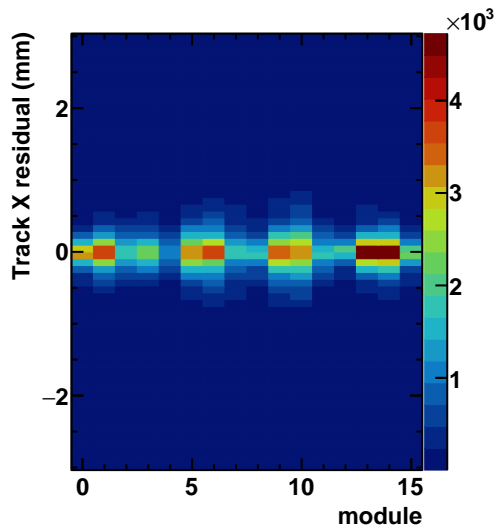

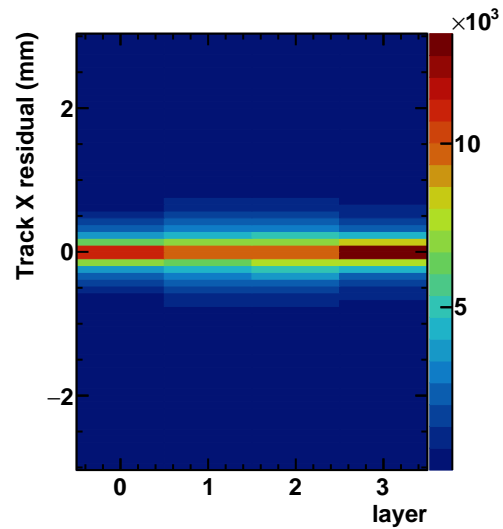

Track X fit vs Y fit

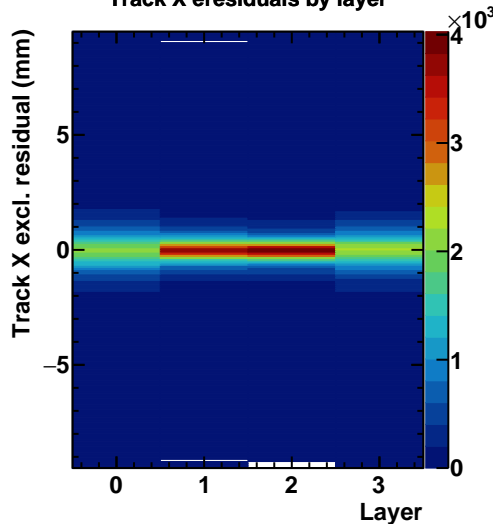

Track dx/dz fit

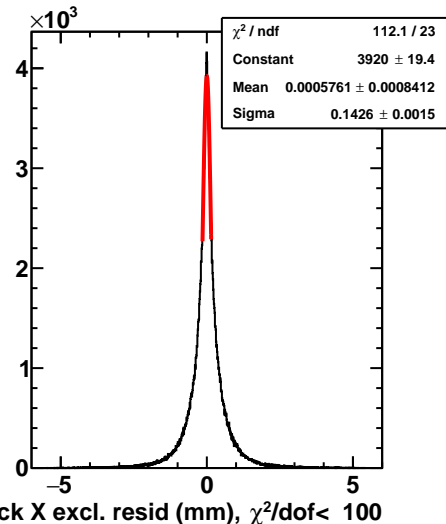

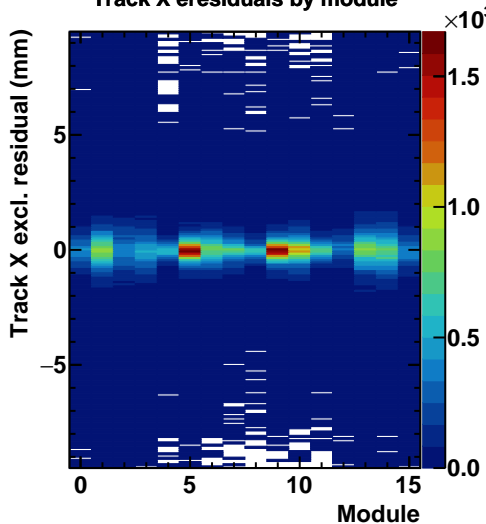

Track dy/dz fit

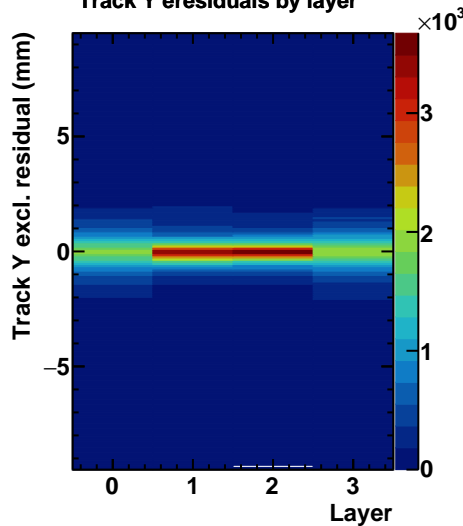

Track X residuals by layer

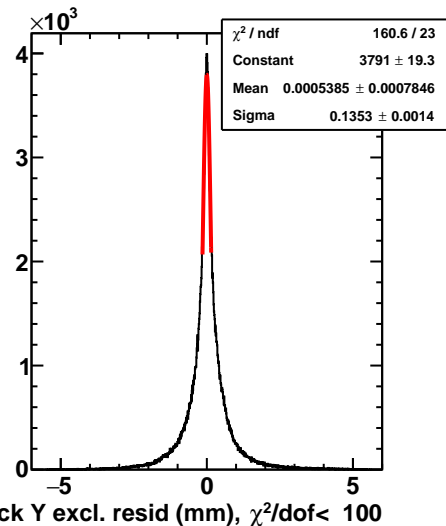

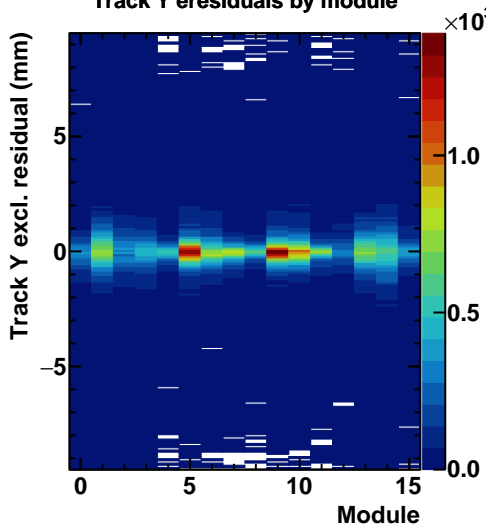

Track X residuals by module

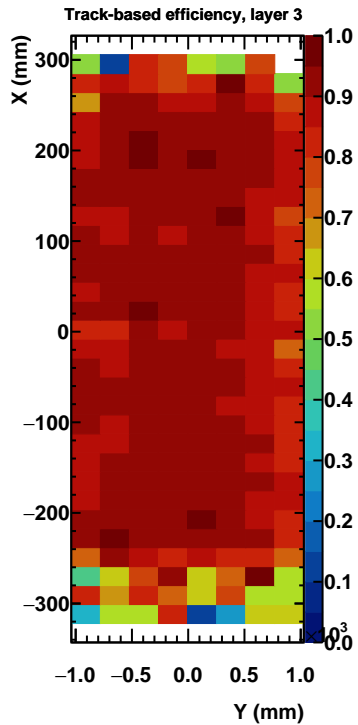

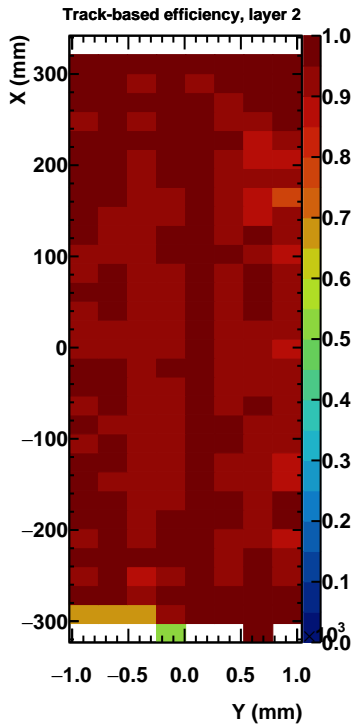

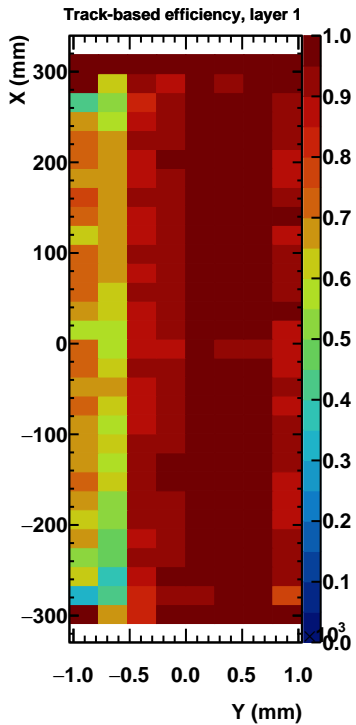

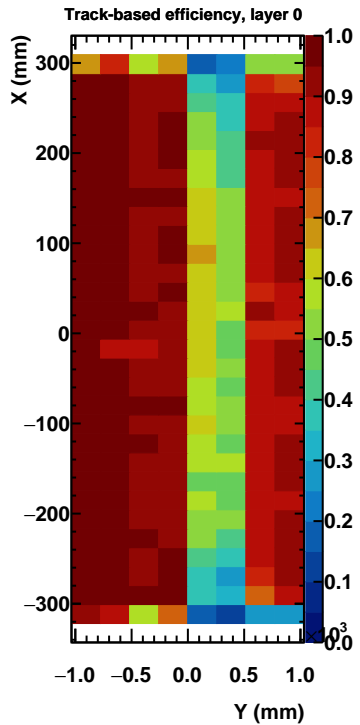

Track X excl. resid (mm),  $\chi^2/\text{dof} < 100$ 

Track Y residuals by layer

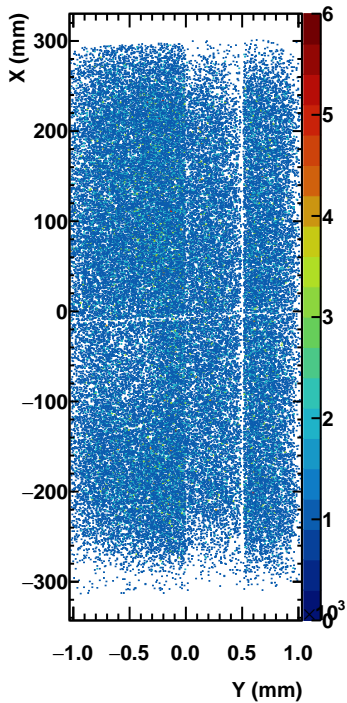

Track Y residuals by module

Track Y excl. resid (mm),  $\chi^2/\text{dof} < 100$

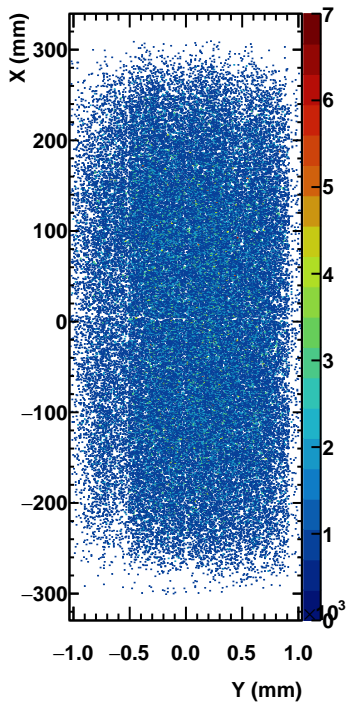

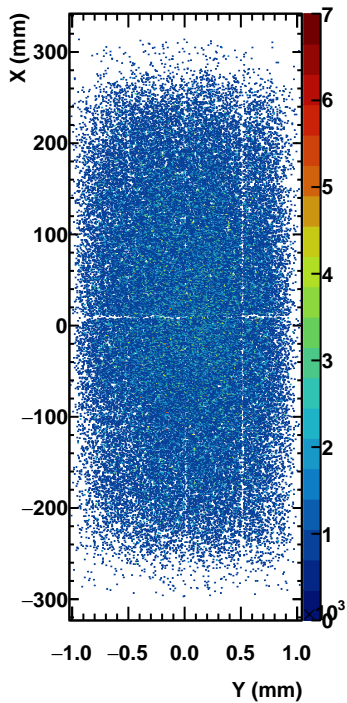

X vs. Y of hits on tracks

X vs. Y of hits on tracks

X vs. Y of hits on tracks

X vs. Y of hits on tracks
